REVIEW OF DRAGONSONG SHEET MUSIC

- A female co-worker of mine has been bothering me to read this book. Upon a recommendation from a friend, she picked it up and hasn't stopped talking about it. After enough pestering, I finally gave in and gave it a read. I'll admit, I went in kicking and screaming, but came out with a new perspective and respect for my fellow female co-workers. This book was a real eye opener and I strongly recommend it for anyone, male or female! Nice work by the author.
- I have been looking for an author on par with the above mentioned, and it seems I have to keep looking. Jordan's writing is engaging enough, and he tells a good story, but in places it seems that the story is drawn out with unneeded descriptions. This is a long series. I will probably read more but it doesn't captivate me as I wish it would.
