A 'Chapter Test' has been put in the end of each chapter which serves as the brief revision of the entire chapter. Term-wise Model Question Papers for Formative and Summative Assessments have been given at proper places.

REVIEW OF 10TH CLASS MATH SOLUTION PSEB

- This is an amazing book. Initially, it comes across as sort of a spin-off on books like "Into Thin Air" and "The Perfect Storm" -- both of which Mr. Philbrick has acknowledged as inspirations -- but I actually think "Into the Heart . . ." surpasses both, particularly in the depth of feeling this book inspires. All the elements of a great adventure story are here: life on the high seas, tragedy at sea, cannibalism, rescue after months at sea in small whaling boats, and so on. But the author transcends the obvious, and renders the participants in this tragedy as fully believable, three-dimensional human beings even though the incidents described in the book took place almost 200 years ago. A couple of seasons ago, NBC TV managed to make a fairly dull documentary based on this book, which may have dissuaded a few potential readers. If so, it's very unfortunate because "In the Heart of the Sea" is a very, very well-written and very moving story.

- What a thoroughly entertaining book this was. I could not put it down. You felt Sylvester's spirit take charge more is better than less lead the way. Sylvester's generation did not foresee the icon that he is today. He led the way to be liberate yourself from the mores of the early 20th century regardless of the persecution. A drag Queen was truly "her own man." Kudos to Mr. Gamson for writing a funny, sad, book. The laughs were more than the tears
