and can reveal you to brand-new writers and categories you may not have actually thought about before.

## **REVIEW OF YOU AND ME KG1 PROCD HOL**

- The Handmaid's Tale tells the story of Offred, who has become a handmaid in the Gileadian society. It is set in the "near future" (at the time of writing, it would be "now" today) America after a fundamentalist Christian group takes over America. Atwood imagines a world where Rachel Carson's predictions in *The Silent Spring* come to fruition--our pollutants have created an unsafe environment, with whole species becoming extinct and the human population

in decline because of environmentally influenced sterility. Women and men fit into proscribed roles, but since the story is about Offred, we really only delve into the position of women. Offred, who has proven her fertility in the "before" time by having a child is put into the Handmaid's role: she will have children for the new society. Emotions and love are absent in Gilead and people behave in an almost robotic way. The most haunting aspect of *The Handmaid's Tale* for me was the memories of "before" that Offred has. She remembers times with her husband and child and piecemeal tells us about their relationship and how she got to where she is

now. Atwood is an amazing writer. The writing in this book makes it worth reading. The story told makes it worth re-reading. I think this book should be required reading for all college students. Amazing.

- Margaret Atwood knew, long before vigilantes began shooting doctors in abortion clinics in Florida, that issues of the right to manage one's own body would be the issues that spawned the next major civil unrest in America. We profess our superiority, claiming we live in a state undivided by religious dogma, but our own personal

convictions, shaped by thousands of years of religious teachings, ultimately divide us on opposite sides of issues of law. In "The Handmaid's Tale," Atwood offers us a chilling glimpse of our own future should we choose to continue our derisive treatment of those who believe differently than ourselves. She deftly manages the language and timeline to produce a book which appears to have been written in the "present" it describes - giving only a slight nod to the "history" that created her environment, despite the fact that we are living that history in our own modern times.
