Simultaneously frightening and familiar, the image of the skull is the closest thing human civilization has ever seen to a universal aesthetic totem. Although the

power of its iconic form originates from its association with death, it has come to represent so much more. *Skullture* takes a comprehensive approach while examining this phenomenon, taking into account both visual and conceptual considerations of the skull throughout history. The book explores the connections of Aztec religious iconography to Damien Hirst and the Ramones to Eighteenth Century funerary practices without ever losing sight of the fact, that while fashion changes, the visual staying power of the human skull carries on. *Skullture* presents different aesthetic uses of the skull as well as its various cultural

resonances through myriad disciplines of art design and fashion. The list of more than 70 contributors includes; Emilio Garcia, Lucy Hardie, Haroshi, Dionne Marshall, Alexandre Orion, Jim Skull, Ian Strange, Didier Ra, Vhils and Yohji Yamamoto.

In 1945 Bob Mizer began taking photographs of strapping young men on Muscle Beach in Venice, California. In December of that year he formed the Athletic Model Guild to market his photos, and "physique photography" was born. Before Mizer there were body builders and men who photographed them,

but AMG photos, even those of the same men, were different, subtly provocative, discretely aimed at a gay audience. They weren't nude, but showed as much as the law allowed in 1945. ... TASCHEN's two-volume edition of "1000 Model Directory" contains prints from Mizer's original 4 x 5 negatives to present these handsome hunks in stunning clarity. Editor Dian Hanson trawled through a quarter million male nudes to select this lineup of top models, including movie stars Sammy Jackson, Richard Harrison, and Ed Fury. Glenn Corbett of TV's 77 Sunset Strip is also here, as well as Nick Adams, star of The Rebel, and top body builders Chris Dickerson, Dick Dubois,

An immersive glimpse into the private, domestic world of one of the twentieth century's most revolutionary artists. Nestled in a leafy, residential section of

Los Angeles is the house where Tom of Finland (Touko Laaksonen, 1920-1991) lived and worked during the last decade of his life. It is an extraordinary place—part shrine, part haven, part art-historical archive, and part utopian collective. Still occupied by the men who resided there with Tom and dedicated themselves to preserving his legacy, the house serves as a living tribute to the artist's astonishing oeuvre and his radical vision of unapologetic homoerotic sexuality. Offered to the reader as an intimate view of the man behind the hypermasculine imagery, the book moves from art-filled room to art-filled room, dining room to

dungeon. Almost every surface of the house is covered in work made by Tom himself, or by those he influenced and inspired. For additional insight, Martyn Thompson's revelatory photographs are paired with rarely seen preparatory sketches and unfinished drawings. Together, the compelling images place Tom's work in an entirely new light, inviting readers to explore a hidden world of dreams and desire—the world of Tom of Finland.

Tuoko Laaksonen, also known as Tom of Finland (1920-1991), was an iconic and provocative artist who rose to cult status in the international gay community and beyond for his work celebrating gay archetypes and masculinity during a time when being gay was taboo. Created in partnership with the Tom of Finland Estate, *Tom of Finland: The Official Life and Work of a Gay Hero* is a

beautifully detailed visual biography full of never or rarely seen documents from his archive. The text was completed just a few months before the death of the artist and was fully approved by him--making this book the only 100% approved biography of this gay legend responsible for creating the muscled, mustachioed gay archetype of the 1960s and '70s. With an extensive biography, and suggestive photos and illustrations, Tom of Finland: The Official Life and Work of a Gay Hero brings to life the icon whose erotic illustrations of men influenced many artists, including Robert Mapplethorpe and Bruce Weber.

Lauded by Jerry Saltz as “one of the most reactionary yet radical visions of art,” *The Young and Evil* tells the story of a group of artists and writers active during the first half of the twentieth century, when homosexuality was as problematic for American culture as figuration was for modernist painting. These artists—including Paul Cadmus, Fidelma Cadmus Kirstein, Charles Henri Ford, Jared French, Margaret Hoening French,

George Platt Lynes, Bernard Perlin, Pavel Tchelitchew, George Tooker, Alexander Jensen Yow, and their circle—were new social creatures, playfully and boldly homosexual at a time when it was both criminalized and pathologized. They pursued a modernism of the body—driven by eroticism and bounded by intimacy, forming a hothouse world within a world that doesn't nicely fit any subsequent narrative of modern American art. In their work, they looked away from abstraction toward older sources and models—classical and archaic forms of figuration and Renaissance techniques. What might be seen as a reactionary aesthetic maneuver was made in

the service of radical content—endeavoring to depict their own lives. Their little-known history is presented here through never-before-exhibited photographs, sculptures, drawings, ephemera, and rarely seen major paintings—offering the first view of its kind into their interwoven intellectual, artistic, and personal lives. Edited by Jarrett Earnest, who also curated the exhibition, *The Young and Evil* features new scholarship by art historians Ann Reynolds and Kenneth E. Silver and an interview with Alexander Jensen Yow by Michael Schreiber.

"An Ode to Tom" is a catalogue for an exhibition by the Japanese homoerotic artists Goh Mishima, Gengoroh Tagame, and Jiraiya at The Container, Tokyo. The catalogue is fully bilingual (Japanese / English) and includes an introduction by the gallery director, Shai Ohayon, among a reflection by Georgie Ichikawa, the chair person of Mr. Gay Japan about LGBTQ rights in Japan, and illustrations from the artists. The exhibition was curated as a satellite exhibition for Japan's first exhibition of the iconic homoerotic artist Tom of Finland (also curated by Ohayon), and presents contemporary Japanese art that was influenced by Tom's works and activist

work. The publication explores two generations of contemporary homoerotic Japanese artists and the visual and philosophical development of their practice. The exhibition at The Container in Tokyo, took place 21 September-30 November, 2020. The Container is a contemporary exhibition space in Nakameguro, Tokyo. The space opened in March 2011 to create a site that encourages people to engage with art installations and works, where the emphasis is on curation and the accessibility of contemporary art and ideas to the general public. As the name suggests, the physical space is no more than a constructed shipping container (485x180x177cm), made to measurements of old Japanese shipping containers, in one of Tokyo's most beloved and trendy neighbourhoods, Nakameguro. The Container invites Japanese and international artists to make site-specific installations four times a year. Each installation remains on view to the public for two-and-a-half months. Since 2013, The Container also started to publish full-colour, bilingual (Jap/Eng) exhibition catalogues, available online and at the gallery. The exhibition space receives extensive international coverage, including ArtAsiaPacific, Artforum,

Hyperallergic, Glass Magazine, Art & Antiques Magazine, Ocula, Port Magazine, Dazed & Confused, Blouin Artinfo, Art-iT, Bijutsu-Techo/BT, CNN, NHK, WIRED, The Japan Times, The Sunday Times, travel guides and in-flight magazines, to mention only a few. www.the-container.com

From Sia to Elton John, from Billie Holiday to David Bowie, LGBT musicians have changed the course of modern music. But before their music—and the messages behind it—gained understanding and a place in the mainstream, how did the queer musicians of

yesteryear fight to build foundations for those who would follow them? David Bowie Made Me Gay is the first book to cover the breadth of history of recorded music by and for the LGBT community. Darryl W. Bullock reveals the stories of both famous and lesser-known LGBT musicians, whose perseverance against the threat of persecution during decades of political and historical turmoil—including two world wars, Stonewall, and the AIDS crisis—has led to some of the most significant and soul-searching music of the last century. Bullock chronicles these struggles through new interviews and archival reports, dating from the birth of jazz in the

red-light district of New Orleans, through the rock 'n' roll years, Swinging Sixties, and disco days of the '70s, right up to modern pop, electronica, and reggae. An entertaining treasure-trove of untold history for all music lovers, David Bowie Made Me Gay is an inspiring, nostalgic, and provocative story of right to be heard and the need to keep the fight for equality in the spotlight.

REVIEW OF TOM OF FINLAND THE COMPLETE KAKE COMICS

- A major international

conference on this subject was convened in 1993. It assembled virtually every significant surviving military and civilian decision maker from the USA, USSR/Russia, and Cuba: including our former SECDEF Robert McNamara and Presidential Advisor Arthur Schlesinger... Russian naval leaders and Nikita Khrushchev's son...and the Cuban officer in charge of their two batteries of nuclear-armed surface-to-surface coastal defense missiles. This gathering lasted for several days and was covered in separate 2 or 3 hour long broadcasts by every major television network in the United States. Their interview testimony and its briefly-availale

transcripts provided new information dramatically different from official accounts of The Cuban Missile Crisis both before and [unfortunately] after this documentation. Military-industrial politics still controls "history" as it does the "news".

- The name James Patterson is synonymous with some of the greatest thrillers written in the 1990s. Along Came A Spider, Kiss The Girls, and 1st To Die are three of the finest examples of mystery writing that have been offered to readers in years. It was novels like these that rocketed Patterson to international fame. Too bad he can't just rest on his laurels, because with novels such as Sam's Letters To

Jennifer, Patterson is robbing his readers of time and money. The story of this 250 page wonder starts out with journalist Jennifer being called to watch over her grandmother, Sam, who has recently suffered a fall and is in a coma. Naturally, grams is Jennifer's last surviving relative, and her one link to her past. Yada yada yada, Sam has a story to tell Jennifer, and she does it through a series of letters that Jennifer reads throughout the course of the book (always with tears welling in her eyes, as Patterson puts it). Enter the tall, dark, handsome neighbor whom Jennifer was friends with as a child. As luck would have it, he too has a dark secret to tell. Not surprisingly, he and Jennifer fall for one another in a matter of a few days, as is typical in this sort of tawdry romance book. In the end, everything is tied together with a nice bow, with the possibility of a sequel, which Patterson will no doubt release if this one sells well. Seriously, complete a book of Mad Libs rather than reading this garbage. Sam's Letters to Jennifer joins the ranks of Suzannes Diary for Nicholas, The Jester, and The Lake House as one of the worst books Patterson has ever written. With any luck, November's new Alex Cross novel, London Bridges, will put Patterson back on track to the path of accomplished writing he is capable of.
