REVIEW OF NETWORK ADMINISTRATION SURVIVAL GUIDE

- Delightful dialogue, excellent plot and subplots, so enjoyable you can read it over and over again. Mrs. Hudson is wonderful - would make a great movie!
- This is undoubtedly the most chilling example of how close the world was to complete destruction if WW3 had ever broken out. With the fall of the Berlin Wall and the end (?) of the Communist USSR, it isn't as hard-hitting as it was when it first came out in the high-tension atmosphere of the Cold War, but this does not distract from what is a bloody good read. If people sight any other Clancy book as being his best, they haven't read this book.
