REVIEW OF SERVICE MANUAL KOBELCO SK200 MARK 4

- This a a typical action / adventure Lt. Leary book. I loved it. The plot was not predictive and the story was very good. I loved this book.
- For those such as myself, who were a bit disappointed with Lee Child's "Tripwire," take heart! Jack Reacher is back at his very best; not too smart, not too slow witted, but just right. Also, he's still very capable of handling most adversaries and charming all (well, almost all) women and pissing off most men. It is a fast paced thriller in search of a serial killer which takes many twists and turns, but entertains all the way. It leaves you a bit exhausted, but exhilarated at the same time! No author seems to get along with the FBI, but this book has a lot of fun with their procedures, while bending a few military rules along the way. Read it!
