**REVIEW OF GODKAR DMLT MEDICAL PATHOLOGY L LABORATORY TECHNOLOGY BY GODKAR**

• I very rarely use the adjective "cute" to describe a fantasy book but this was! J.R.R. Tolkein made me fall in love with his little hobbit and even though the story telling style was different from the modern fantasy I've read, I became used to it and found myself enjoying it. The action and in this novel never ceased to amaze me. Some authors pack in too much, making the story seem like a disorganized whirlwind while other authors remain

painfully stagnant throughout the book. Tolkein proves his talent with well paced action along with very good character development. Although "The Hobbit" is written in a different vein from most books written today, it was refreshing and I found myself adapting to it with pleasure. On to the Lord of the Rings!

• What else is there to say? The title explains it all. I don't think I've ever read a better book. It starts off a little slow, but once you get going, you can't stop! It's an amazing book! Read it!
