INTRO TO SHIELDMAIDEN THE SHIELDMAIDEN VIKING SERIES BOOK

Welcome to our Shieldmaiden The Shieldmaiden Viking Series publication evaluation! Today, we will certainly be taking a closer take a look at an exciting book that we think you'll like. First, let's start with a brief overview of the book.

The story is embeded in a town in the Midwest and follows the tale of a girl called Sarah. She is struggling to locate

her area on the planet, and as the unique proceeds, she starts a journey of self-discovery that is both emotional and motivating.

The Saxon Wolf Harlequin

Although based on historical persons from the 9th century, Ragnar Lodbrok and his sons are the subjects of compelling legends dating from the Viking era. Warriors, raiders, and rulers, Ragnar and his sons inspired unknown writers to set down their stories over seven centuries ago. This volume presents new and original translations of the three major Old Norse texts that tell Ragnar's story: the Saga of Ragnar Lodbrok, the Tale of Ragnar's Sons, and the Sogubrot. Ragnar's death song, the Krakumal, and a Latin fragment called the List of Swedish Kings, complete the story. Extensive notes and commentary are provided, helping the reader to enter the world of these timeless stories of Viking adventure.

The Viking She Would Have Married
Independently Published

Four Female Protagonists: Three Shieldmaidens and one ex-maiden (a twin of the quest leader) The male Bryson is out of his depth, he is not a warrior, a little shy, though intrigued by these Maidens fighting skills. At least that is what he would say...(Alternative fantasy-world of the Viking era.) Though with Wizards and Witches and all kinds of magic; dark and light. Bryson is not a questing adventurerer by any stretch, he is

a simple ship trader. Though he has four extremely beautiful reasons to volunteer. Even if the Shield-maidens are celibate and follow a strict order of conduct with all males and all females who have not been through their merciless combat training. As an advantage to the three-hundred strong shieldmaiden order; they are sought with fair looks and above-average height. And have spelt eyes as bright as light when their training is complete. All assets used for disarming male opponents for a mere second in battle. Or to read people when they are bemused. Bryson is in love with all four, completely and surrendered under the shieldmaidens' passive spell. Though Bryson feels too inexperienced and far too young among their goddess-like-allure and their elite warrior status. The maidens know this and flirt with him to baffle his reactions; especially since he is the youngest among them. Bryson's confidence has no choice but to match theirs. Outside of fighting. Sink or swim, he surprises himself as the shieldmaidens constantly walk a fine line. The Shieldmaidens Of The Light have to remain celibate until thirty-years-old to consume their firewater and thus provoke the berserker skill-trait; allowing them to take on immeasurable enemies from the underworld or above. Dark/ Epic fantasy. Eloquently done for teenagers, except the fight scenes which are brutal. Little prose here and there, though more enjoyable for fast readers. Or for a journey, you want to vanquish.

Gesta Danorum - Deeds of the Danes In the early years of the thirteenth century the Danish writer Saxo Grammaticus provided his people with a History of the Danes, an account of their glorious past from the legendary kings and heroes of

Denmark to king Gorm. It is one of the major sources for the heroic and mythological traditions of northern Europe, though the complex Latin style and the wide range of material brought together from different sources have limited its use.

The Sagas of Ragnar Lodbrok 18th Avenue Press

Step into the lush, sensual world of the Vikings with *Shieldmaiden's Revenge* (Viking Lore, Book 2): Madrena burns hot for revenge against the man who attacked her village and shattered her life five years ago. When a dark-haired stranger named Ronin washes ashore in her village, he promises to be her guide in exchange for his freedom. Though Ronin knows the man Madrena seeks, his life depends on keeping her at a distance, lest her sharp gray eyes discover the secret he must protect at all costs. Despite the danger, Madrena risks trusting Ronin. The two travel deep into the Northland wilds, only to be entangled in a world of secrets and peril. Even as they resist the heat that crackles between them, the fires of desire rival those for vengeance. But when Madrena's plans are threatened, will the fierce shieldmaiden choose love over war? And can Ronin save them both from their pasts?

"For Odin's chosen, all roads lead to Valhalla. With Gudmund dead, Hervor and Hofund are crowned queen and king of Grund. The pair soon discovers that ruling a Viking land is not without difficulty. Enemies from without and within threaten the new rulers. While her dreams are the same, Hervor's future becomes unclear. The gods have grown silent. Only Skadi whispers to Hervor now, and all her words are warnings. A

dark moon is rising. Hervor must learn to rely on her inner strength to protect her family and face the tumultuous path the Norns have woven for her. [This] historical fantasy novel retells the Norse Hervarar saga, depicting the life of the shield-maiden Hervor"--Back cover.

The Viking She Would Have Married
Troubador Publishing Ltd

As the daughter of the King's huscarl, Brenna is well-schooled in the art of battle: skills she believes vital for defending her home and its people. She hopes to rule and create wealth and security through trade. But marriage seems to be the only path to fulfilling her dream. Vali is a seasoned warrior. Building the wealth and fearsome reputation of his people on distant shores has delivered treasure and slave labour to his homeland. He has no use for the politics of position and land, preferring the freedom of the open seas. She wants to rule the land and he lives for the sea. Is their love fated or cursed?

Discovering new talents, accepting the truth of who they are, and battling evils they could never have imagined Ingrid and Jorg collide with a future neither expected. Will each become the hero they need to be? Or will the sacrifice they must make be too great?

Shieldmaiden S.T. Bende

You are your father's daughter... A young Viking woman picks up her sword and goes in search of retribution and justice. In 934 the English are fighting the Norse for supremacy over the North. Worship of the old Norse gods is challenged by Christianity. Traditional loyalties are tested and revenge can be swift and violent. In Cumbria a man is outlawed and killed. Faced with a life of destitution and servitude, his daughter Sigrid's only option is to appeal to the

King of Norway to reverse his judgement on her father and allow her to inherit the family farm. But Norway is far away and Sigrid has only her wits and her skill with the sword to help her cause. Sigrid sets out to regain her birthright, encountering kings, warriors and villains on her quest. While her fighting skills earn her admiration, she must also learn about duty, honour and loyalty if she is to grow from a headstrong teenager into a woman and a respected warrior.

Lagertha is a beautiful, fierce Viking warrior princess intent on avenging the abuse and deaths of her kinswomen by Sweden's evil king. But in the battle, her handsome childhood friend Ragnar is gravely wounded, and Lagertha fears he may not live the night if he falls asleep. How far will she go to keep him awake and alive? Can she accept his unusual, erotic offer to repay his blood debt?

The Norse Queen Bloomsbury Publishing

Sonja and her crew of shield-maidens are the last of the fabled women warriors, bent on traveling for the sake of adventure and the prospect of finding new lands. As chieftain of the longship Helle's Revenge, Sonja leads her team of widows, former prostitutes and milkmaids with a closed, soft heart and a heavy hand, vowing to only use violence when necessary. Whispers of undiscovered lands call to her, and with the intent of starting a new colony in a world all their own, Sonja and her crew set their sails to the west. Ivan is the

boisterous chieftain of the longship Fenrir, and is known throughout the northlands as a fierce fighter and an even fiercer lover. With the promise of an early retirement on the horizon, Ivan has set his sights on a never before discovered land. Little does he know that his course following the westerly winds was also following a ship full of determined women looking for the very same land. When Sonja discovers that Ivan is on the same course as she is, and intends to claim her new land for himself, a long-buried rage threatens to bubble to the surface. She has a change of heart when it comes to doling out violence and revenge, especially towards her smug-faced, annoyingly handsome rival Viking warlord. The two hot-headed chieftains face off in a race for discovery and a battle for freedom, even as the high stakes at sea forges their desire, bringing them closer than they ever could have imagined.

With a merchant caravan protected by a crew of skilled mercenaries, Teyr embarks on a dangerous mission to forge a road

across the untamed wilderness that was once her home. But a warlord has risen in the wilds of the Circle, uniting its clans and terrorizing its people. Teyr's battles are far from over . . . For more from Adrian Selby, check out:Snakewood

FINAL IDEAS

Overall, our company believe that Shieldmaiden The Shieldmaiden Viking Series deserves a read, despite some small imperfections. The special storytelling style, relatable personalities, and story twists make it a worthwhile enhancement to your bookshelf. So, if you're trying to find a captivating read, Shieldmaiden The Shieldmaiden Viking Series is definitely worth taking into consideration.

REVIEW OF SHIELDMAIDEN THE SHIELDMAIDEN VIKING SERIES

- Actually, "Original Sins," Part Four in Christopher Golden's "The Lost Slayer" serial novel, offers not one, but two conclusions. In the future, Buffy and what remains of the Scooby Gang have their final showdown with Rupert Giles the Vampire King and "returns" to the present to correct the fatal error from her first encounter with Camazotz. With all the excitement about Giles becoming the king of the Vampires, it is easy to forget that Camazotz is an excellent villain to appropriate into the Buffy mythos and I think Golden deserves extra credit for coming up with two first-rate bad guys in the same storyline. Actually, I almost wish Golden had not put the two great villains in the same book, because I would have loved to have seen Camazotz and his estranged "wife" Zotzilaha, be more center stage, but obviously he is not

going to be able to compete with Giles as the Vampire King. Actually, "Popol Vuh," one of the Mayan sacred books, identifies Zotzilaha not as a god, but as a cavern, "The House of Bats." Zotzilaha was home to a type of bat called Camazotz, which has been translated as "snatch bat" and "death bat." Camalotz was also the name of the "Sudden Bloodletter", identified as one of four animal demons which slew the impious first race of men. We all know much more about the European vampire legends than what happened in South America, but Golden has tapped a rich vein of lore and maybe in the future Buffy will encounter the religious death cult of the Zapotecs that worshipped a bat-demon, or the soucouyant of Trinidad or the tin tin of Ecuador. Who says Buffy the Vampire Slayer is not educational? "Original Sins" is an appropriate title for this concluding volume, which certainly comes full circle given that at the start of the story Buffy is trying to separate her life as the Slayer from her life as a college Freshman. In dividing that world she thinks that her friends belong with the later, which is somewhat surprising since I always thought one of the reasons Buffy has lasted so long as a Slayer is because she was not going it alone. You would think the Watchers Council would have figured out somewhere along the line that a Slayer with support in the field was going to last longer than one forced to go solo. The entire "Lost Slayer" series clearly takes advantage of the fact that it was written during Season 5 but takes place in Season 3. Golden clearly knows how far Willow has advanced in her wicca ways and he uses that to his advantage. I have always thought that it was the relationship between Buffy and Willow that is really

at the heart of the show, and both Season 6 and Golden's novels prove the point as far as I am concerned. For those who enjoyed "The Wish" and "Doppelgangland" or have always enjoyed the DC comic "What If..." issues or "It's a Wonderful Life" and its various homages, "The Lost Slayer" is a fitting addition to the oeuvre. When these sort of stories are done right they are so good. "The Lost Slayer" is on the same level as "The Gatekeeper Trilogy," and that, in the wonderful world of Buffy the Vampire Slayer books, is as good as it gets.

- There is a story by John Steinbeck called "The Leader of the People," in which a grandfather tells his grandson how he used to be the head of a wagon train. The train was a kind of a "great beast" that was "westering." But then the train reached the edge of the sea, and it stopped. The grandson, Jody, asks whether there might not be lands beyond the sea where one can wester. The grandfather sadly shakes his head. No, there aren't any more lands, he says. But what is worse, westering has gone out of people today. Nobody wants to wester anymore. The story is at once a marvelous mythical farewell to the Old West and a comment on the nature of the modern world. When Edgar Rice Burroughs serialized his first novel, Under the Moons of Mars, in Argosy in 1912 under the pseudonym of "Norman Bean," the American frontier was, for all practical purposes, closed. Not everybody knew it yet, but the westering movement was over. A number of American pulp writers known as the scientific romance writers were looking for new frontiers to explore: lost valleys and cities, underground caverns, distant planets, the interior of the atom,

the jungles of Africa, the inside of the Earth or the Moon, a city lost in time, another galaxy. These settings were intended to be colorful new worlds where lurid and romantic adventures could occur-- at least in the reader's imagination. The scientific romancers -- A. Merritt, Ray Cummings, H. Bedford-Jones, Otis Adelbert Kline, Austin Hall, Homer Eon Flint, Garrett P. Serviss, Charles B. Stilson, and Burroughs--were essentially popular writers. My personal candidates for the two best American scientific romancers are Merritt and Bedford-Jones, but none can seriously be considered underrated literary geniuses. Burroughs has certainly proved to be the most popular over time, and *A Princess of Mars* (the book title of *Under the Moons of Mars*) may be taken as almost the archetype of the scientific romance. It starts in the American west in 1865, right after the Civil War. Captain John Carter of Virginia, C.S.A. and a friend are prospecting for gold. They have good luck with the gold but bad luck with Apache warriors. The friend is killed and Carter enters a cave and is transported to Mars. In effect, he leaves the old frontier for the new. There he finds a new collective beast on the other side of

the ocean of space. It is not a westering wagon train; rather, it is a tribe of green Martian warriors. The Martians look very much alike. Their young are hatched in incubators and are raised communally, without knowing their parents. Weak or deformed young are promptly shot. The green Martians are taught at an early age to use weapons and to scorn weakness and sentiment. A typical Martian woman tells the kindly female Sola: "It is sad, Sola, that you were not born a million years ago...when all the hollows of the land were filled with water, and the peoples were as soft as the stuff they sailed upon. In our day, we have progressed to a point where such sentiments mark weakness and atavism." (49) But in spite of the unified values of the beast, there are signs that it may change. The tender Sola, the faithful watchdog Woola, and even the formidable warrior Tars Tarkas seem poised to lead the way to something else. When John Carter and Dejah Thoris become prisoners of the tribe, they speed up a change in the values of the beast. It will retain its unity, but its head will become different. There is much in the book that is silly. But there is a certain amount of color and good fun as well.
