The special storytelling style, relatable characters, and story spins make it a worthwhile enhancement to your bookshelf. So, if you're seeking a fascinating read, Da Vinci Decoded is certainly worth taking into consideration.

## REVIEW OF DA VINCI DECODED

- If you weren't around in the 70s, or you want to "relive" this era, Ben Fong-Torres' book is a good place to start. It's a collection of many of his Rolling Stone feature articles, along with a brief update of the personalities involved. Having "come of age" in the 70s, it brought back memories of my own and it gave me insights into some of the most famous rock personalities of the 70s and early 1980s. Fong-Torres has an excellent writing style and "captures" a little bit about what made a lot of these musicians "tick." His articles are enjoyable to read or re-read if you've seen them before. While part of the title (A BackStage Pass to 20 Years of Rock n Roll) may seem cliched, it fits here. Fong-Torres in his Rolling Stone articles managed to catch a glimpse of an era now long gone.

- Walt Whitman's poetry, read in the context of the political and economic climate of the US today, gives us a perspective we seem to be unable to see. The purity of his writings on America might bridge the schisms we face as a country. Beautiful and powerful. Sarah Pestana-New Jersey
