*101 Facts about Bullying* Corwin Press

What would make anti-bullying initiatives more successful? This book offers a new approach to the problem of school bullying. The question of what constitutes a useful theory of bullying is considered and suggestions are made as to how priorities for future research might be identified. The integrated, systemic model of school bullying introduced in this book is based on four qualitative studies and incorporates theory from systemic thinking; cognitive, social, developmental and psychoanalytic psychology; sociology, socio-biology and ethology. The possible functions served by bullying behaviour are explored. Consideration is also given to the potential role of unconscious as well as conscious processes in bullying. The model suggests a number of causal processes within one-to-one relationships and peer groups, and highlights factors within individuals and schools that shape the form, intensity and duration of bullying behaviour in practice. The issue of 'difference' is also addressed, focusing on childhood deafness.

**Bullying from Streets to Schools** Corwin Press

Bullying is a serious problem for people with Asperger Syndrome (AS), both at school and in the workplace, and displaying 'different' behavior, such as not understanding social rules or hand-flapping, exacerbates the risk of being victimized. Writing in an accessible, informal style, the author describes the bullying behavior he and other individuals have experienced, and the effect this has had on their lives. He outlines the reasons for bullying behavior and the danger of persistent recurrence if it remains unchecked, as well as the critical importance of 'involving the bystander'. Nick Dubin goes on to provide a range of effective strategies to address bullies and bullying that can be applied by parents, professionals, schools, and individuals being bullied. He stresses the importance of peer intervention, empathetic teachers, and verbal self-defense, and shows how lack of support, condemning of 'tale telling,' or even blaming the victim reinforces bullying. This book offers individuals with AS who are being bullied the opportunity to see that they are not alone, and it is an invaluable source of advice for parents, teachers, professionals and personnel managers.

**Bullying in American Schools** Greenhaven Publishing LLC

In "Tinker V. Des Moines Independent School District", the Supreme Court ruled that students have speech rights in the school environment unless the speech causes or is likely to cause (1) a substantial disruption, or (2) interferes with the rights of others. The Supreme Court has yet to hear a case involving school officials' authority to regulate electronically-delivered derogatory student speech, and no uniform standard currently exists for determining when school authorities can discipline students for such speech when it occurs off campus without violating students' First Amendment rights. This dissertation examined 19 federal and state court decisions in which school authorities were sued for disciplining students for electronically delivered, derogatory speech. Eighteen of these cases involved student speech that demeaned or defamed school teachers or administrators. Only one involved speech that demeaned another student. Each case was analyzed to identify significant factors in court holdings to provide a basis for the construction of a uniform legal standard for determining when school authorities can discipline students for this type of speech. The full application of "Tinker's" first and second prongs will provide school officials the authority needed to address this growing problem while still protecting legitimate off-campus student cyber expression. Predictions of future court holdings and policy recommendations are included. [The dissertation citations contained here are published with the permission of ProQuest llc. Further reproduction is prohibited without permission. Copies of dissertations may be obtained by Telephone (800) 1-800-521-0600. Web page: <http://www.proquest.com/en-US/products/dissertations/individuals.shtml>.]

## REVIEW OF BULLYING AND SPEECH CAN SCHOOLS DEFINE BULLYING AND

- That two of the three novellas in this book have been produced as motion pictures should tell you something. In fact, when I first read this collection I thought each of the three stories sounded like fleshed-out Hollywood 'treatments'. The writing is tight and concise, yet stunningly poignant. Harrison's true calling is as a poet, and he uses that training to full effect, creating crystal-clear images in the turn of a phrase. The result is never abstract, however; Harrison is also an outdoorsman whose knowledge of nature is equaled by his uncanny ability to portray his characters' surroundings in lucid, even beautiful prose. Read this book. You may become a Harrison addict.

- This book contains a comprehensive compilation of material meticulously illustrating the components of ERP systems. It identifies the essential steps companies and implementers should practice to ensure successful ERP implementations. The easy to follow diagrams and charts illustrate the basic concepts of ERP systems. ERP A-Z discusses the procedures companies should follow long before they purchase an ERP system as well as the follow-up procedures long after the system has been successfully implemented. Thought provoking study questions follow each chapter to assist in preparation for the CIERP certification. ERP professionals, implementers, executives, project managers, technical writers, instructors, Q/A engineers, and others will benefit greatly from this publication. I have worked with ERP systems, both manual and computerized, for over 25 years and this is the first time I have ever seen so much vital information contained in one easy to understand publication! I strongly recommend that anyone even remotely connected with an ERP implementation should read and refer to ERP: A-Z. ERP: A-Z Implementer's Guide For Success would indeed make any company's library more complete!
