• I went on this Diet w/ the normal attitude - It probably won't work! Wrong it did work and it worked fast, which is what I needed to see, to keep me on it. My first 2 weeks on the plan, I lost 20 lbs. Then the 2nd 2 wks. on again, I lost 12.5 lbs. The following 2 wks on, I lost less than the 12.5, But... atleast I was losing, and feeling better and better. I really got into the program. I had my son take pictures of me from before starting the diet, to all during my weight loss. I kept them in my own special photo album, and dated the front on each picture. It truly is amazing to see how fast the weight came off. (78 lbs.) There are of course days that you

don't lose anything and boy was I disappointed on those days. But still it was fun to see the look on people's faces that hadn't seen me for say a month or two or esp. three! I too, have given out copies of the book. Mostly because People wanted MY book and I wasn't about to part with it. Now here's the truth -- -> if you are prone to being overweight, you must forever watch what you eat. Don't think that once you lose the weight you want to, that your problem is over, it will NEVER be over. Once you start eating like you did before, the weight will come back - ---> I KNOW!!! But if nothing else, this diet is a good starter to a healthier way of eating. Like others have said, it's easy to

follow and the book has a questions and answers section that is very helpful.

- This book has animated scenes from the movie. One is of Princess Dot and the

other of Hemlich. The pictures are animated well and motion blur helps the pictures seem realistic. My only complaint is that the book is too short. It needs more scenes.
