REVIEW OF SECURITY GUARD TRAINING MANUAL THE AMERICAN SECURITY GUARD

- I ordered this sight unseen, and unfortunately cannot recommend other similar dictionaries. However, I found that this dictionary had significant gaps in the vocabulary covered. The cover boasted of coverage of insurance terms, but failed to include fairly basic insurance terms such as Hoechtschaedigungsgrenze (indemnification limit). Further, what listings the book does contain can best be described as bare bones. The entries indicate the gender of nouns, but do not include phoenetic pronounciations or suffixes for plural forms. I found the book to be of little assistance in my work. When I return to the market for such a dictionary, I will search for better option.

- Found this book when looking for that missing something. It seems to celebrate the "coincidences" that no one around me cares about. I never knew they might be helpful. Love the meditation sessions. I'm working on getting rid of the "clutter" one little project at a time. I have high hopes for this book. Great insight even if the psychic part of it doesn't go far. Very good reading.
