Keep in mind, checking out testimonials can help you make educated choices regarding what to read following and can expose you to brand-new writers and styles you might not have thought about in the past.

REVIEW OF QUALITY MANAGEMENT FOR ORGANIZATIONAL EXCELLENCE 7TH EDITION

- The Orchises Press edition stands out for three reasons. The first is that it reproduces--with impressive attention to detail--the first edition of Joyce's novel. The second reason is that the large, widemargined pages add the pleasure of reading to the pleasure of reading Ulysses (there is something missing, after all, in the insubstantial, tinytype levity of the paperback editions). Finally, the weight of the paper, the strength of the binding makes this edition one that will last (and you will not, as with the paperback editions, be forced to transcribe all your notes from a book that falls apart after three readings). For those who seek the "authenticity" of a first edition, who admire Joyce or who will be studying the novel for years to come, this is the edition to buy.

- How should one read Ulysses at the beginning of the 21st century? The Modern English Library rated James Joyce's magnum opus the greatest English-language novel of the 20th century. Was their judgment correct? Perhaps (though a Portrait of the Artist as a Young Man does not fall far behind). However, Joyce's novel, which traces the misadventures of Stephen Dedalus, Leopold Bloom, and then Molly Bloom, is of course an echo of the Odyssey. It is also an affirmation of the Hebraic and Hellenic cultures in the West. But that is not really how it should be read. Ulysses is perhaps even more difficult to comprehend now than it was when it was first published in Paris through the Shakespeare Book Co., because Joyce alludes to modernist Irish literature, art,

and architecture with breathtaking speed (though it is still far more cogent than Finnegans Wake). However, you must read Ulysses, it is a rich cathedral of European artistry, from Joyce's command over the vernacular to his groundbreaking 'stream-of-consciousness' form. The first section of the novel deals with Stephen, and it can be regarded as a kind of carry-over from a Portrait of the Artist (though a bit more accomplished in form), while the middle section deals with Bloom, one of the strongest characters in the history of Western literature, and certainly one of Joyce's greatest achievements. Bloom is the thrust of the novel. He is the middlebrow that bridges Stephen (the intellectual) with Molly (the tramp), and his observations are the most lucid and revealing about the state of civilization at that time and place. But Ulysses is always funny, and moving and beautiful at the same time. The closing of section one ought to illustrate the strange majesty of Joyce's prose: "He [Stephen] turned his face over a shoulder, rere regardant. Moving through the air high spars of a threemaster, her sails brailed up the crosstrees, homing, upstream, silently moving, a silent ship" (51). This curious novel, which unfolds over the course of a single day, will undoubtedly continue to astound and perplex readers and scholars eternally. The way to work your way through Ulysses if it is your first time, is to be mindful of the details; Don Gifford's Ulysses Annotated is an excellent resource for a listing and explications of the more arcane allusions in Ulysses. Hugh Kenner's critical book is also a first-rate work of criticism for those who want further explication of the 'meaning' and significance of the work as a whole. For those who are truly courageous, you can begin to look into

the Post-Modernist interpretations of Ulysses from fellows like Derrida and DeMan, but you should be wary of them, as they are often more complex than Joyce was to begin with.
