### **REVIEW OF EASY TO ART PENCIL SHADING REG BID**

- This cookbook is a must-have. Unlike other Spanish cookbooks (many which are lovely in their own right), this one is less traditional and more modern and eclectic. The recipes are creative and so delicious! I've already made several in a single week, owing in part to how surprisingly easy some were to make. If you've heard about the modern gastronomy movement or chefs like Ferran Adria, you absolutely must buy this book! I was shocked how easy and diverse some of the recipes are; unlike other cookbooks I will never get bored with this one.

- For fans of ENDER'S GAME, this book is a must. As a sequel to ENDER'S SHADOW, this book explores the possibilities of the genius Battle School alumni entering the world military and political scenes. It deftly blends Card's quick-paced, more political style (e.g. ENDER'S GAME) with his more thoughtful and philosophical style (e.g. SEAKER FOR THE DEAD). Like ENDER'S GAME showed us human behavior through young and innocent eyes, SHADOW OF THE HEGEMON shows us vast societies from the same perspective.
