REVIEW OF COMPLETE CASTING HANDBOOK METAL CASTING PROCESSES TECHNIQUES AND DESIGN

- I admit to a special fondness for Walter Foster's old publications. This book, as yellowed as the pages may be, is fun. If, like me you have done rigorous training in formal drawing and painting and mastered the principles and are very happy about having done the discipline but now want to break out, this is a really helpful book. It features several styles of work and most importantly how the artists arrived at their processes. It will loosen your artistic process right up. Originally \$1.00, it was probably published in the 1960's and is still relevant today.
- Watched the moive 1st then my co worker was reading asked it i wanted to read said yeah i liked the moive. this book was great! funny relistic amuseing! i enjoyed and bought .
