REVIEW OF WOMEN LONG TERM CARE AARP

- I've been a fan of danielle girard's excellent suspense thrillers from her very first amazing debut, SAVAGE ART, which was so well written that i honestly thought she was an established nytimes bestselling author writing under another name. Her second, RUTHLESS GAME, was equally awesome and exceedingly suspenseful. CHASING DARKNESS is her third brilliant suspense thriller and competely grabs you with the very first page. Her characters are so thoroughly fleshed out that you just KNOW these people. Page turning suspense with

a truly surprise ending!
So does she qualify to be at the top of the ranks? you betcha!!!
looking forward to more and more from this phenomenal writer! I just wish that her publisher would afford her the respect that she deserves and provide her with better marketing for this terrrrrific book!!!

- SO down to earth, so understandable, this unique journey from the "ancient mind" of man into the "new" mind destined for all of us! I couldn't put this book down and have underlined all over it. I found myself wishing that I were spiritually sensitive and advanced enough to call her, for her wisdom. If you are on a spiritual path which includes digesting and integrating your entire

human experience, and then experiencing its transcendence after your kundalini "decides" to rise permanently, get this book. The journey sounds like Christ's words, "I have overcome the world," to tell you the truth. It happens when the lens through which you see life, physiologically and spiritually moves out of what you think of as your normal "mind" and takes up residence in the totally conscious, aware background underlying all of our existence: this is who we are before we came to earth, this eternal consciousness. We come home, and merge with who we deep-down KNOW ourselves to be. This consciousness includes love, peace, the

stillness-holding-all-potential, etc., and through our new lens, we now perceive our mind as our handy tool to use whenever we want, but no longer are we at its mercy. We still grow in understanding of life and ourselves after the shift, but the paradigm in which we live is transformed forever. Whew! I can't wait! But will it happen in this lifetime? For some, it has, and these folks are out there trying to

encourage us to "go for the gold." Personally, I think regular "Oneness Deeksha" speeds up the progress toward the shift. It definitely, gradually stops the self-critical thoughts we all have, and life feels more abundant and peaceful. They're given free, most places. Sounds like I'm hawking, but I want you to be happy and move as fast as you can, too! We're all in this together! The book is wonderful.
