## **REVIEW OF DELETE THIS AT YOUR PERIL**

- The incidents in this semi-autobiographical novel are a very disturbing commentary on the status of girls and women living in conditions of poverty and dysfunctional families. But the quality of the writing lifts the story to a level above the degradation and shows the triumph of ability over upbringing. (Not to mention the influence of one grade school teacher!)
- Yes you can view the protocol online, but I wanted a clean, simple, read where I could take the book with me if needed. I plan to be on the protocol for a little while and my first round went very well, so I wanted to make sure I had my "bible" handy through the process. Not

over priced, and my guess is that you will find it handy if you have significant weight to lose. If you are just curious, online should be fine to get you familiar. If you are in it for the longer haul, the book is a good purchase.
