So why wait? Start downloading Drug Abuse Among Students PDF today and experience the ease and convenience of accessing a variety of important records at your fingertips.

REVIEW OF DRUG ABUSE

AMONG STUDENTS

- The House of a Thousand Lanterns has been the most interesting book I've read. The plot can be misleading and results in quite a shock once you reach the end of the book, just like all the other Holt novels. It is a mystery/romance story. I would definitely recommend this book to anyone who enjoys love stories with a little action.

- I first read this book when I was 29 years old, and I was really quite amazed. I was inspired to pick it up after seeing the opera "Little Women" by Mark Adamo, and I have to say that the book is really quite a lot better (and different, to my way of thinking) than the opera. Rather than being a ponderous, dull book, this was actually quite a good read. It's straightforward, making it accessible to kids, but it held my interest as well. There's not really a single well-defined plot, but rather a series of episodes in the characters' lives over several years, with a few common threads running through them. This is the type of book I would like my children to read someday (boys or girls!). Besides the obvious emphasis on family life, a very important underlying theme is an emphasis on virtue. In each "episode", the girls (and the boys too) learn something, "build character", or increase in virtue in some way, and the lessons

they learn carry through the rest of the book. I found that incredibly refreshing in our post-modern age! (Contrast with the common notion today that "personality" is a rather privileged, self-defined thing, and challenges or obstacles must be negotiated so that the character can basically maintain his or her own unique identity, warts and all). Also an important theme in the book is finding our role in service to others - that we do not live simply according to our own whims and fancies. Sometimes we have duties in life that may seem unpleasant, but it is in the performance of said duties that we find fulfillment.*spoiler warning*Another common theme that I see running through this is that, through their marriages, each of the characters is given the opportunity to become a better person. So while we might wonder wistfully at what may have been with Laurie that Jo, in the end it is Amy that allows Laurie to grow into a virtuous and responsible man, and the Professor that allows Jo to move beyond her own self-interest. Similarly, Meg and John have a positive effect on each other, despite various trials. Perhaps this all sounds very old fashioned. The book is very clearly grounded in 19th Century Christian values. But a look at this book suggests that such notions are still very relevant today!
