#### **REVIEW OF HIGH YIELD BIostatistics EPIDEMIOLOGY AND PUBLIC HEALTH 4TH EDITION**

- Great expectations is an extremely wonderful book!this book starts talking about a boy named Pip.he is trying to live up to everybod's expectations of him while trying to live his own life.Pip was born an orphan.his older sister adopts himand thats how his sister is admired for bringing him home and raising him. she was married to joe her husband. this story really starts off when Pip meets the convict on the old church graveyard on the hill of the marshes.The convict told Pip to bring a metal file,pork pie and a meat bone. The convict was very thankful. from that day on Pipd id not tell anybody about that day. His sister later on dies and he meets a girl named estella. estella was adopted by miss Havisham. Pip loved her but miss Havisham taught her to hate all men.This book is a wonderfully good book. I would recommend this book for children ages 13-21. It is an arduous book for some readers but it is aninteresting book to read. I love books that Charles Dickens writes. He is an awesome writer. If you like to read about romance, deception, horror and drama then this is the book for you.

- I liked this book because of all the suspence because you have to wait to find out about Pip's benefactor, and why Miss.havisham is so mean, and if Estella likes Pip, and who the convict is.I didn't lie it because, I didn't understand that Pip was getting any older, and there were to many names, ex: Magwitch, Provis, I had no clue that they were the same person, untill my teacher explained that Charles Dickens did that with many other characters names.
