REVIEW OF THE FOUR INSIGHTS WISDOM POWER AND GRACE OF EARTHKEEPERS ALBERTO VILLOLDO

- Although I've spent most of my adult life in the North (and in foreign countries) I was raised in the rural South many years ago, and can still blend in, all these years later, because I know the customs and manners, the friendliness and suspicions, the respect and tensions and admiration and hatreds and loyalties and betrayals, and the proper way to introduce oneself to a small Southern town where one isn't known, in order to gain prompt acceptance as one of "us" rather than one of "them". I have also served on juries, and know by personal experience the wrenching debates in a jury room when the judge's instructions on the law conflict with the good sense of ordinary people about what verdict is appropriate, given the special circumstances of the case. Grisham's books sell because they're well written, gripping and entertaining. But I wish to commend two in particular because they portray far better than most novels do the way in which Southern customs work well and the ways they work badly, and because his accounts of grand jury and trial jury deliberations match what I've been involved in. If you wish to understand the complexities of Southern culture, both good and evil, read "A Time to Kill" and "The Last Juror". How Grisham knows as much as he does, I have no idea, but he portrays details that I know from personal experience, that I have found no other author describing as well.

- Fans of John Grisham will surely like his newest novel, The Last Juror. It takes place in Ford County, Mississippi, the fictional county John Grisham has so wonderfully created. What was so delightful about this book, was how it portrayed small town America. Mr. Grisham has so vividly detailed Ford County, that after reading this book I felt like I had been there. This book will, of course, please those seeking a legal thriller. It was a quick read, that I had trouble putting down.
