REVIEW OF FAITH AND LIFE LIFE OF GRACE TEXT GRADE 7

- Okay well I also bought this book mainly because of the 3 versions of linux that come with it. I have used Dos, win win95 and winNT for about 7 years and though that I would give Linux a try after I had heard such a lot about it. I found the installation stage of linux documented by the book very easy to follow even if it took several attempts. When I had the system installed I found very little information on considering peripherals and PPP scripts. I also found it very difficult to find out how to perform the normal every day tasks that I would with MS Windows. All in all not all i had hoped for from such a book.

- Great insights into the state of the human world as we know it today. Laugh out loud funny.
