In the first biography in English of the great Argentinian tango singer Carlos Gardel (1890-1935), Collier traces his rise from very modest beginnings to become the first genuine “superstar” of twentieth-century Latin America. In his late teens, Gardel won local fame in the barrios of Buenos Aires singing in cafes and political clubs. By the 1920s, after he switched to tango singing, the songs he wrote and sang enjoyed instant popularity and have become classics of

the genre. He began making movies in the 1930s, quickly establishing himself as the most popular star of the Spanish-language cinema, and at the time of his death Paramount was planning to launch his Hollywood career. Collier's biography focuses on Gardel's artistic career and achievements but also sets his life story within the context of the tango tradition, of early twentieth-century Argentina, and of the history of popular entertainment.

An Irresistible Bachelor Harper Collins

From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any

collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.

All About Romance

Bad Boy's Bride Penguin

It is readily acknowledged that our time has surpassed all epochs in history for

the accumulation of technical knowledge, physical power over our environment, and economic might. It is less often pointed out, however, that our age has generated, and continues to generate, mythical material almost unparalleled in quantity and quality in the rich records of human imagination. More precisely, people have very frequently reported the observation of wonderful aerial objects, variously designated as flying saucers, unidentified flying objects (UFOs), and so on; among these narratives descriptions of landings made by these craft are commonplace; and that quite a few accounts purport to inform us of the physical characteristics, the psychological behaviour, and the motivation of their occupants. But

investigators have neglected to recognize one important perspective of the phenomenon: the fact that beliefs identical to those held today have recurred throughout recorded history and under forms best adapted to the believer's country, race, and social regime. If we take a wide sample of this historical material, we find that it is organized around one central theme: visitation by an aerial people from one or more remote, legendary countries. The names and attributes vary, but the main idea clearly does not. Magonia, heaven, hell, Elfland - all such places have in common one characteristic: we are unable to reach them alive, except on very special occasions. Emissaries from these supernatural abodes come to earth, sometimes under human form and

sometimes as monsters. They perform wonders. They serve man or fight him. They influence civilizations through mystical revelation. They seduce earth women, and the few heroes who dare seek their friendship find the girls from Elfland endowed with desires that betray a carnal, rather than purely aerial, nature. These matters are the subject of *Passport to Magonia*, Jacques Vallee's seminal master-work that changed our understanding of the UFO phenomenon. An instant classic when first published in 1969, the book remains a must-have resource for anybody interested in the topics of UFOs and alien contact, as well as those fascinated by fairy folklore and other paranormal encounters.

REVIEW OF AMANTE RENACIDO J R WARD PDF

- I'm sorry, but I have seen such overwhelming evidence to support the fact that almost all "ritual abuse" cases WERE indeed caused by mass hysteria and community pressure. So many individuals in these communities were forced not to appear "weak," and jumped on the neighborhood bandwagon to accuse, accuse, accuse. Nothing is more horrifying than the thought of our children being in peril...but that fear

sadly caused a lot of irreversible damage to many innocent people's lives in these cases. From the Salem Witch trials to the Senator McCarthy insanity to this mess, it seems that every so often the civilized world goes mad. We can learn from it...but not by reading this wrongheaded book.

- I found this book a big help when I had to give a couple of presentations at a trade fair and a professional meeting. When my brother in law told me he had to give a speech I lent him my copy of the book. He told me that his speech went very well, and he did not give the book back to me!
