REVIEW OF JVC HELMETS

USER GUIDE

- It is pretty hard to stomach that someone who knew just how serious investors were being huckstered through the boom, and was the one person who could have brought some honesty into the picture, didn't. Now he wants to sell his advice. I'd rather believe Abbie Hoffman (Never trust anyone over thirty)
- I think its a great book for anyone, new and experienced programmers. It covers many ideas that help with general routines. Personally, its just a reference if I ever need to go back from c++.
