### **REVIEW OF IDENTICAL ELLEN HOPKINS**

- Dress Your Family is enjoyable, but not nearly as good as Me Talk Pretty One Day. Again, David Sedaris entertains the reader with humorous short stories about his life, family, and encounters with strangers. His unique perspective and thoughts regarding these topics are entertaining and enjoyable. He writes of his sister's affinity for animals and her preference for them over most humans. David's parent's experience with renting apartments to tenants that qualify for subsidised housing is a comical narrative that portrays the stark differences between himself and his father. The funniest short story is probably the recounting of how his mother shut the children out in the snow because she wanted time to herself. And as before, the stories span his entire life, with some recounting childhood and others contemporary. With Me Talk Pretty, I had tears streaming down my face and I was holding my stomach laughing to the point that I needed to put the book down in order to recover enough to read the next page. Dress Your Family only ever got light chuckles. The writing is still enjoyable and the stories pleasurable, but this book just does not compare to his other work. Hopefully, this is only a temporary setback and readers will be able to find boastful laughter in future work.

- If you think this book is good then "Microwave Dreams" should have won the Pulitzer...
