REVIEW OF FRESHWATER PRAWNS BIOLOGY AND FARMING

- This was Alistair Maclean's first book and what a book to have

written. A ship has to make a run to Murmansk during the height of the Second World War battling dreadful seas and the marauding enemy. On board there are a crew who are worn-out and on the verge of mutiny. There is the Captain who is deathly ill. Conditions could not be worse. This is a tale of great bravery under the worst of circumstances. Maclean using a third person narrative tells the tales of a number of characters well and although at times he becomes a little melodramatic, he writes a novel that is justifiably regarded a classic of the sea. It is a book that starts off a little slowly but builds up to a dramatic ending.

- Like the heading says, this is the funniest book I've ever read. Leacock was a comic genius and this is his best work. Buy it, read it, love it.
