**REVIEW OF  
BRAIN QUEST  
GRADE 3  
REVISED 4TH  
EDITION 1000  
QUESTIONS AND  
ANSWERS TO  
CHALLENGE THE  
MIND**

• I cannot praise this film highly enough. I've rented it twice from Netflix and am now buying my own copy. The first time the boyfriend and I tried watching it, it took us about 4 hours because we kept hitting pause and having long discussions about

different scenes. The next time, we invited his 16 year old son to join us, and got an entirely different perspective on everything we saw. The differences in the needs and learning styles of males and females are not a bad thing. Uniqueness is a wonderful thing to embrace and appreciate. Trying to force every person and every student to behave and react identically to every situation is causing a broad variety of problems in our society. In short, this documentary is illuminating, disturbing, and essential. Everyone, male and female, young and old, should watch and discuss.

• I am a highschool student and

have to do a report on onliobe information warfare. This book helped me a lot. I leked how it used statistics and a lot of references. you can tell the author is really qualified and she used it in her class. I would recomed this book to anyoine interested in information warefare.
