Attraverso sette sezioni, parallele ai criteri espositivi, la guida illustra il Mnaf Museo Nazionale Alinari della Fotografia. Il MNAF ha voluto allargare la sua missione non solo alla storia degli Alinari, ma a tutta la storia della fotografia italiana e mondiale, dal XIX secolo ad oggi, svolgendo un importante ruolo di ricerca, salvaguardia e divulgazione della fotografia. Il Museo di Storia della Fotografia non raccoglie solo le testimonianze dell'opera e dell'evoluzione artistica della fotografia in oltre 160 anni di storia, ma anche gli strumenti che hanno immortalato quelle che a buon diritto possono essere considerate le più belle immagini di un'epoca. Ecco allora che l'importanza di questo Museo si rivela anche nelle raccolte di macchine fotografiche, di pubblicità, di documenti cartacei, di cornici e di tutti quegli oggetti correlati alla fotografia che di diritto devono essere considerati come parte integrante della sua storia.

This media history explores a series of portable small cameras, playback devices, and storage units that have made the production of film and video available to everyone. Covering several storage formats from 8mm films of the 1900s, through the analogue videotapes of the 1970s, to the compression algorithms of the 2000s, this work examines the effects that the shrinkage of complex machines, media formats, and processing operations has had on the dissemination of moving images. Using an archaeological approach to technical standards of media, the author provides a genealogy of portable storage formats for film, analog video, and digitally encoded video. This book is a step forward in decoding the storage media formats, which up to now have been the domain of highly specialised technicians.

REVIEW OF EASTMAN KODAK INSTAMATIC 404 CAMERA OWNERS INSTRUCTION MANUAL

- I deem this the nicest edition of the Hobbit that I own. I believe it is a fantastic book in addition to Lord of the Rings. Besides that the leatherette collectors edition is encased in a very nice cover. What a masterpiece to own!
- Once there was a brave hero who journeyed with his companions on a glorious quest to reclaim a lost treasure from an evil dragon! This would seem like a typical fantasy-adventure storyline, if it weren't for the fact that this "hero" were no more than three feet tall and had no experience in the ways of battle whatsoever. This is the story of *The Hobbit* by JRR Tolkien, and is the prelude to the famous *Lord of the Rings* novels. In this novel, Tolkien proves that anyone can accomplish a goal, regardless of his or her physical abilities. The story starts out very peaceful as the reader is introduced to the main character: Bilbo Baggins. Bilbo is a "Hobbit", which is a creature like a human but much shorter and with twice the appetite. He goes on with his life normally, until one day a wizard named Gandalf shows up at his door, and Bilbo embarks on the adventure of his lifetime (which is longer than a man's). Bilbo must travel with Gandalf and a group of dwarves to a mountain far away where a dragon called Smaug lies with an unimaginable fortune of treasure. The treasure originally belonged to the dwarves, but the dragon drove them away and claimed it for itself. Bilbo himself cannot see why he was chosen for this journey since he has never seen a battle in his life. However, he will soon learn that they chose him for a different reason. It would take an awfully small and clever creature to sneak past a dragon! One of the many exciting incidences in the novel is when giant trolls capture Bilbo and the dwarves. They are all tied up in sacks and desperately trying to find a way of getting out while the trolls decide how they should kill them. It seems hopeless for the courageous company before Gandalf shows up and rescues them. As the trolls are deciding how they will kill their catch, Gandalf hides in a bush behind them and starts to talk in on the trolls's conversation and causes them to quarrel. The trolls lose track of time arguing with each other, the sun rises, and they turn to stone. That is what happens when they come in contact with sunlight. Tolkien magnificently blends exciting adventure and action along with a climatic ending that will take you by surprise, and immerses you into a world that will not be able to come out of until you have read the very last word! This story is a must-read for everyone.
