So what are you awaiting? Start your Japanese With Ease Con 3 Cd Audio 1 downloading trip today and experience all the advantages and comfort that the digital globe of books needs to offer!

REVIEW OF JAPANESE WITH EASE CON 3 CD AUDIO 1

- I'm currently an exchange student to Japan, and this book did wonders for my Japanese ability. The only "complaint" I have is that there is no "Japanese for Everyone 2" ... when I finished this book, I searched forever to find a book that could pick up where this left off. Japanese for Everyone covers in one volume what many series cover in three. I use Japanese in my everyday life as an

exchange student, so I know first hand- this book is a blessing.

- A recent review claims that you must know how to read Japanese in order to use this book. This is NOT true. What is true, and what apparently scared this particular reviewer away from the book is the need to learn the katakana and hiragana before beginning work on this book. The katakana and hiragana character sets are phonetic units (similar to the English alphabet), and are fairly simple to learn (a friend of mine learned them over a weekend and started using this book on that Monday). Any of the small katakana/hiragana books available on Amazon will do to learn these, and usually run around \$10 US. In some ways though, it really is a pity they didn't tack a chapter on the hiragana/katakana onto the beginning of the book. This is a very good basic Japanese book, but it does suffer from some limitations. It's a bit hard to transition to a more advanced book after you're finished with it, and the book itself is necessarily limited in scope and vocabulary.
