You can likewise follow us on social media to remain updated with our most recent offerings.

So what are you waiting for? Beginning discovering Curso Completo De Mikrotik Routers Do Simples Ao summaries today and discover your next fantastic read!

REVIEW OF CURSO COMPLETO DE MIKROTIK ROUTEROS DO SIMPLES AO

- The re-release of the legendary 1972 recording of Die Zauberflöte, conducted by Wolfgang Sawallisch, is a great blessing to all who know and love this great work. Edda Moser's interpretation of the Queen of the Night is justly celebrated, achieving not only transcendently perfect delivery, but also a chilling portrait of pure evil. All of the other cast members are excellent. The spoken role of Papageno is particularly striking, sounding sufficiently pungent to remind us that the role was originally played by Emanuel Schikaneder himself. The tempi are, for the most part remarkably well-chosen. In addition, the Masonic gravity of the subject matter is constantly respected. The chorus of the armed men is properly alarming, the cantus firmus stridently insistent above the counterpoint of the strings. Even more uncommon is the treatment of the secondary scenes of Act II, especially the chorus Welche Wonne, in which the evocation of the candidate's future "new life" is infused with the trepidation inevitably attendant upon any trial of life and death. All too often, this work, which is gravely serious in its intent, is presented as a fairy tale. This recording successfully conveys the philosophical context, and does justice to Mozart's attachment to Masonry. [The only flaw which I could detect is the inclusion of a very questionable musical fragment, inserted into Act II, Scene 11 {"Pamina, wo bist du?"). I could locate no reference to this anywhere in my extensive library on the subject, and can only speculate that it might be some unacknowledged retention from one of the infamous "reworkings" of the opera which occurred after Mozart's death....At any rate, it requires an explanation....]In view of this, it is sad to see this beautiful recording issued in association with a perfectly vile and disrespectful book about the opera. The author has the temerity to liken this work to "a Broadway musical", "a rollicking entertainment for the common man" simply because it was composed as a Singspiel, or German opera with spoken dialogue. This is equivalent to likening one of Shakespeare's comedies to a street farce. The book also suggests that Zauberflöte was composed for purposes of pure entertainment, unless it is, perchance, a "work of profound insight" dressed up in the trappings of a "cartoon". Obviously, the writer is ignorant of the significance of the Egyptian setting in the time of Mozart, when it was a clear symbol for rational ideas and liberal politics. The details of the setting delineate the struggle which was then taking place in Europe, over the true nature of Masonry, philosophy and music, and which soon came to a terrible end, for that time at least, with the banning of

Freemasonry in Austria, and the loss of much of the learning about ancient philosophy which had been so laboriously gathered in circles such as that frequented by Mozart. It is largely on account of *Zauberflöte*, which alludes with precision to much of that learning, that it was not entirely annihilated in the chaos of the revolutionary and Napoleonic periods. Rather than misrepresenting this vitally important work, those who have the privilege of coming into contact with it should do all in their

power to contribute to the very difficult, vital, and continuing attempt to understand it. While the availability of this recording is of great value, it is scandalous to see it associated with a contribution to the generally prevailing ignorance about this extremely important, and very difficult, work. An irate Mozartian

- Exciting as usual. The development of Maturin's character especially satisfying. This does seem more like the first half of a longer book.
