REVIEW OF ORACLE 11G GUIDE

- This book makes a feeble attempt at demonstrating what a "utopian" society would look like. There is somewhat of a build-up for the main character to break free and for the community to become enlightened, but gaps in the story and the failure the close loops make the book a sore disappointment.

- my class had to read this book for school. it was a very. . . interesting book filled with death. i would not recomend this book. nobody in my class liked it. it is an unnerving book. it was slow and boring in my opinion.
