What happens when media and politics become forms of entertainment? As our world begins to look more and more like Orwell's 1984, Neil's Postman's essential guide to the modern media is more relevant than ever. "It's unlikely that Trump has ever read *Amusing Ourselves to Death*, but his ascent would not have

surprised Postman.” -CNN Originally published in 1985, Neil Postman’s groundbreaking polemic about the corrosive effects of television on our politics and public discourse has been hailed as a twenty-first-century book published in the twentieth century. Now, with television joined by more sophisticated electronic media—from the Internet to cell phones to DVDs—it has taken on even greater significance. *Amusing Ourselves to Death* is a prophetic look at what happens when politics, journalism, education, and even religion become subject to the demands of entertainment. It is also a blueprint for regaining control of our media, so that they can serve our highest goals. “A brilliant, powerful, and important book. This is an indictment that Postman has

laid down and, so far as I can see, an irrefutable one.” -Jonathan Yardley, *The Washington Post Book World*

Lavishly illustrated with over 300 pictures, including more than 200 in full color, *The Oxford History of Islam* offers the most wide-ranging and authoritative account available of the second largest--and fastest growing--religion in the world. John L. Esposito, Editor-in-Chief of the four-volume *Oxford Encyclopedia of the Modern Islamic World*, has gathered together sixteen leading scholars, both Muslim and non-Muslim, to examine the origins and historical development of Islam--its faith, community, institutions,

sciences, and arts. Beginning in the pre-Islamic Arab world, the chapters range from the story of Muhammad and his Companions, to the development of Islamic religion and culture and the empires that grew from it, to the influence that Islam has on today's world. The book covers a wide array of subjects, casting light on topics such as the historical encounter of Islam and Christianity, the role of Islam in the Mughal and Ottoman empires, the growth of Islam in Southeast Asia, China, and Africa, the political, economic, and religious challenges of European imperialism in the nineteenth and twentieth centuries, and Islamic communities in the modern Western world. In addition, the book offers excellent articles on Islamic religion, art

and architecture, and sciences as well as bibliographies. Events in the contemporary world have led to an explosion of interest and scholarly work on Islam. Written for the general reader but also appealing to specialists, The Oxford History of Islam offers the best of that recent scholarship, presented in a readable style and complemented by a rich variety of illustrations.

This volume seeks to increase understanding of the origins, ideology, implementation, impact, and historiography of religion and conflict in the medieval and early modern periods. The chapters examine ideas about religion and conflict in the context of

text and identity, church and state, civic environments, marriage, the parish, heresy, gender, dialogues, war and finance, and Holy War. The volume covers a wide chronological period, and the contributors investigate relationships between religion and conflict from the seventh to eighteenth centuries ranging from Byzantium to post-conquest Mexico. Religious expressions of conflict at a localised level are explored, including the use of language in legal and clerical contexts to influence social behaviours and the use of religion to legitimise the spiritual value of violence, rationalising the enforcement of social rules. The collection also examines spatial expressions of religious conflict both within urban environments and through travel and pilgrimage. With both

written and visual sources being explored, this volume is the ideal resource for upper-level undergraduates, postgraduates, and researchers of religion and military, political, social, legal, cultural, or intellectual conflict in medieval and early modern worlds.

This is a comprehensive directory and bibliographic guide to Russian archives and manuscript repositories in the capital cities of Moscow and St. Petersburg. It is an essential resource for any researcher interested in Russian sources for topics in diplomatic, military, and church history; art; dance; film; literature; science; ethnography; and geography. The first part lists general bibliographies of relevant reference literature, directories, bibliographic

works, and specialized subject-related sources. In the following sections of the directory, archival listings are grouped in institutional categories. Coverage includes federal, ministerial, agency, presidential, local, university, Academy of Sciences, organizational, library, and museum holdings. Individual entries include the name of the repository (in Russian and English), basic information on location, staffing, institutional history, holdings, access, and finding aids. More comprehensive and up-to-date than the 1997 Russian Version, this edition includes Web-site information, dozens of additional repositories, several hundred more bibliographical entries, coverage of reorganization issues, four indexes, and a glossary.

It can no longer be assumed that most people--or even most Christians--have a basic understanding of the Bible. Many don't know the difference between the Old and New Testament, and even the more well-known biblical figures are often misunderstood. It is getting harder to talk about Jesus accurately and compellingly because listeners have no proper context with which to understand God's story of redemption. In this basic introduction to faith, D. A. Carson takes seekers, new Christians, and small groups through the big story of Scripture. He helps readers to know what they believe and why they believe it. The companion leader's guide helps evangelistic study groups, small groups,

and Sunday school classes make the best use of this book in group settings.

This document is a response to teachers' requests for practical assistance in implementing California's history-social science framework. The document offers stimulating ideas to enrich the teaching of history and social science, enliven instruction for every student, focus on essential topics, and help make learning more memorable. Experiences and contributions of ethnic groups and women in history are integrated in this course model. The framework is divided into 11 units: (1) Connecting with Past Learnings: Uncovering the Remote Past; (2) Connecting with Past Learnings: the Fall of Rome; (3) Growth of Islam; (4) African States in the Middle Ages and

Early Modern Times; (5) Civilizations of the Americas; (6) China; (7) Japan; (8) Medieval Societies: Europe and Japan; (9) Europe During the Renaissance, the Reformation, and the Scientific Revolution; (10) Early Modern Europe: The Age of Exploration to the Enlightenment; and (11) Linking Past to Present. Six of the 11 units delineated in the framework's 7th grade course description are developed in these course models. All units follow the same format. Each begins with a rationale and overview. Ways are suggested for teachers to coordinate the model with the state-adopted textbook for 7th grade. A presentation of activities to introduce and continue the sample topic are suggested to encourage students to apply what they have studied through

projects. Each unit ends with an extensive annotated list of sample resources. (DK)

In his *The Babylonian Captivity of the Church*, Martin Luther set forth a reconsideration of the sacramental Christian life that centered on the word. His thesis is that the papacy had distorted the sacraments with its own traditions and regulations, transforming them into a system of control and coercion. The evangelical liberty of the sacramental promises had been replaced by a papal absolutism which, like a feudal lordship, claimed its own jurisdictional liberties and privileges over the totality of Christian life through a sacramental system that spanned birth to death. Yet Luther does not replace one tyranny for another; his argument for a return to the biblical understanding of the sacraments is moderated by a consideration of traditions and external

practices in relation to their effects on the individual conscience and faith. This volume is excerpted from *The Annotated Luther series*, Volume 3. Each volume in the series contains new introductions, annotations, illustrations, and notes to help shed light on Luther's context and interpret his writings for today. The translations of Luther's writings include updates of Luther's Works, American Edition, or entirely new translations of Luther's German or Latin writings.

An intriguing examination of the extraordinary—and little known meeting between St. Francis of Assisi and Islamic leader Sultan Malik Al-Kamil that has strong resonance in today's divided world. For many of us, St. Francis of Assisi is known as a poor monk and a lover of animals. However, these images are sadly incomplete, because they ignore an equally important and more challenging aspect of his life -- his unwavering commitment to seeking peace. In *The Saint and the Sultan*, Paul Moses recovers Francis' s message of peace through the largely forgotten story of his daring mission to end the

crusades. In 1219, as the Fifth Crusade was being fought, Francis crossed enemy lines to gain an audience with Malik al-Kamil, the Sultan of Egypt. The two talked of war and peace and faith and when Francis returned home, he proposed that his Order of the Friars Minor live peaceably among the followers of Islam—a revolutionary call at a moment when Christendom pinned its hopes for converting Muslims on the battlefield. The Saint and the Sultan captures the lives of St. Francis and Sultan al-Kamil and illuminates the political intrigue and religious fervor of their time. In the process, it reveals a startlingly timely story of interfaith conflict, war, and the search for peace. More than simply a dramatic adventure, though it does not lack for colorful saints

and sinners, loyalty and betrayal, and thrilling Crusade narrative, *The Saint and the Sultan* brings to life an episode of deep relevance for all who seek to find peace between the West and the Islamic world. Winner of the 2010 Catholic Press Association Book Award for History

REVIEW OF DOCUMENT PACKET THE MEDIEVAL

CHURCH HISTORYTEACHER

- The Handmaid's Tale, by Margaret Atwood, is a very unique and interesting novel. This thought provoking novel makes the reader think about life and what is to come in the future. Briefly, The Handmaid's Tale is about a handmaid's life, her efforts to have a child for her Commander, and her continuing survival in a changing world. This novel provides both an interesting read and new look at what life could be like. The background information concerning the novel is extremely important. It is set in what is now the United States in Cambridge, Massachusetts. In the novel, this country is the Republic of Gilead. The Republic of Gilead has many new laws that are

looked upon now as sexist and restricting. Some women only have the job of conceiving and giving birth to children; at this time infertility is vast. Women at this time do not have rights, or at least compared to today's society, this includes not being allowed to read. This information is essential in understand The Handmaid's Tale. The Handmaid's Tale is a story unlike any other. The novel is about Offred, a handmaid, whose only job is to conceiving children. Offred lives with Serena Joy and the Commander. One day the Commander invites Offred into his office, which is a very risky situation as it is forbidden to have unnecessary contact with each other. "My presence here is illegal. It's forbidden for us to be alone with the Commanders. We are for

breeding purposes" (136). This quote helps to exemplify the fact that this contact is dangerous and that her sole purpose in society is for breeding. In the Commander's office, the two of them do various things that are considered illegal, but in today's society are not. One day Serena Joy confronts Offred about her desire to have a child. The two, even though they have an extreme dislike for each other, conspire a way to make it more likely for Offred to become pregnant. Serena Joy says to Offred, "Maybe you should try it another way" (205). Offred questions, "What other way?" (205). Serena Joy replies, "Another man" (205). One evening, the Commander takes Offred to Jezebel's, an old hotel where prostitution and drinking occurs. Here Offred runs into an old

friend and has sex illegally with the commander for the first time. Serena Joy's efforts to find another man work out and Offred sees him, which leads to an interesting and unsuspected ending. *The Handmaid's Tale* is an extremely good book that keeps the reader on edge and constantly wanting more. The book achieves its goals of making the reader think about what could happen to the United States and if something to this effect could actually take place. This novel is a lot like George Orwell's *1984* and *The Giver*, by Lois Lowry. By far, *The Handmaid's Tale* is the best, but is in the category of novels with extreme changes in society. Atwood writes the novel in a very convincing manner. It seems as though these events really did occur. *The Handmaid's*

Tale is a book that keeps the reader on edge and is something that everyone should read at some point in life. Margaret Atwood's, *The Handmaid's Tale*, is a thought-provoking novel that exhibits changes in a society. A different type of lifestyle is looked at through the eyes of what is considered the person that makes the society run. Without these handmaids there would be no society. *The Handmaid's Tale* is a novel that everyone should read whether it is for enjoyment or learning purposes.

- *The Handmaid's Tale* was a maddening book. The injustice to women made my blood boil. Still when you sit and think about it you realize how possible it really is. That's the frightening part. I was hypnotized reading this. I kept asking myself how could anyone let this happen? Overall I thought it was a great book. Margaret Atwood really gets into the character to make it realistic. The emotion put into the book are so strong they jump off of every page.
