## **REVIEW OF THE HALLMARK OF BULLYING IS THAT IT IS ANSWER**

- Perhaps I am a bit biased, but I just can't say anything bad about Ray Bradbury. I have read the reviews of "Something Wicked

This Way Comes" both positive and negative. I agree with both sides to an extent. "Something Wicked this Way Comes" IS a dated novel. And while dialogue at times seems straight from "Leave It To Beaver" (Gee whiz!) and the ending can be deemed corny, I feel that this book and Ray Bradbury have stood and will continue to stand the test of time. Bradbury's style of writing may not be appreciated by everyone, but to say that his work is a waste of time seems way to extreme to me. I love Bradbury's works FOR the metaphors, FOR his long descriptions. Bradbury does not allow his readers to be innocent bystanders, instead he places them right there standing next to Jim Nightshade

and Will Halloway, witnessing firsthand the evil that is Dark and Cooger's traveling carnival. It is a perfect combination of sight, sound, smell, taste, and touch. For this, Ray Bradbury is definitely one of a kind. As for the ending, I was happy to read a novel with such a simple message at the end. There was no big complex (often ridiculously impossible) solution to ridding the town of evil, rather a pure, simple fix. For me, "Something Wicked This Way Comes" is a welcomed stray from modern horror fiction.

- While this book is about many things, at it's core it is yet another masterpiece about the emotional and spiritual devastation of war. More so than

any other conflict, the Great War has produced a number of literary classics in which the war is not treated as an end in itself, but as the pivotal point in the lives of the people it touches. As central as characters Christopher Tietjens and his estranged and provocative wife are to the success of this novel, it is the striking difference between their lives before and after the Great War intrudes on their affairs that makes for such an interesting read. At first, the war seems almost an afterthought in the plot. The front line action does not appear until nearly half way through the book, and when it does, Teitjens is such a miserable soldier that one gets the feeling Ford just needed the

War as a necessary part of the period. But the war experience profoundly changes Tietjens and upon returning home after the war, his relations with both his wife and his supposed mistress change significantly. Love gone wrong, the bucking of social mores, the complex relationship between the sexes- all these topics are addressed with brilliance and subtlety by Ford, who has once again created another classic. While this could rank as one of the great blistering Love/Hate Romances in modern literature, it ultimately belongs to that group of insightful and devastating tour-de-forces that so clearly illustrates the horrors of war.
