## **REVIEW OF SUZUKI DR 125 DR J SERVICE MANUAL**

• I have been researching Irish traditions for some time now- over 20 years, and I have never seen such a well researched and thorough collection of Irish Wedding traditions. I purchased the book just for the music, recipes, stories, games and folklore alone. The wedding you construct from the directions provided here will be the best Irish traditional wedding ever. I have even recommended it to my friends in Ireland- sometimes modern Irish weddings like those in the US can be frightfully plastic and dependant upon business trends. You know- just another one of those packaged deals....Beware of Irish

wedding books that mention one commercial establishment after the other! The tradition can do quite well enough on its own and you need to find the "real tradition"- your Irish relatives will know it when they see it! This is a great gift for the bride to be and for any family Irish or other which wants to have a rip-roaring traditional wedding which will live in memory forever. All of the traditions are there- just follow them to a wonderful event. Alice Riada Washington D.C.

• Bought this book for a very long plane flight, excited to discover what prompted the comment placed prominently on the cover that it "burns with a byzantine fire". After a struggle of over ten months I finally finished the sprawling and increasingly incoherent story and must

admit I'm mystified. Entire paragraphs were completely incomprehensible, with mixed metaphors and comparisons meant to paint a portrait of images and feelings that left me without even a murky idea of what was intended by them. Certainly not worth the time to read, or the \$14 I paid for it (which, frankly, is the only reason I felt compelled to finish it). I dislike saying anything so negative, but I'd like to save someone else the pain of feeling invested in finishing over 500 pages of this mess.
