A searing novel of social realism, Upton Sinclair's *The Jungle* follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform.

So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.

### **REVIEW OF CHAPTER 17 GUIDED READING**

- East of Eden, with over 600 pages of text, may seem daunting at first, but throughout the entire length of the book, Steinbeck keeps the reader focused and on track with his masterful story telling. Set against the backdrop of the biblical tale of Adam and Eve and Cain and Abel, this modern account is a must read for many. Beginning his tale with the parents of Cain and Abel, Steinbeck follows this family for three generations, describing their lives and thoughts as they sadly reenact the lives of their Biblical counterparts. The only downside to this book is the introduction. Though it is fair from boring the first few chapters are slow. They are not as powerful as the rest of the book but it does create the proper context for the rest of the story. These few chapters bring us deep within the plot of the novel before flaring up and continuing full force for the rest of the book. While East of Eden can be read for its plot and storyline, Steinbeck's writing allows it to be much more. One of the most intriguing aspects of this book is the characters. Each character behaves in a dynamic way, they change and grow and most importantly, live. Steinbeck so flawlessly portrays his characters that they seem real and alive. Their actions and thoughts mimic our thoughts as we read. The development and maturing of these characters are a joy to read. We are eager see as Cal struggles to live up to his brother's ability and talents while we watch as he weeps in his shadow. Cathy is another powerful character. Her chilling ability to destroy and ruin those that love her is uncanny. I have found it hard to comprehend the actions of her twisted mind as she slowly devastates those around her. Yet, this added another level to the story by introducing a wild and unpredictable character. It is exciting to read about her exploits and the evil she can unleash. Though a story book by nature, East of Eden is able to incorporate deeper meaning with its complex characters. Cal's and the other character's experiences become our own as we read and learn from their mistakes as they struggle through their version of Adam and Even and eventually, Cain and Abel.

- East of Eden is one of my favorite books. Shaped by Steinbeck's own life, the story is intricate and absorbing. The characters are indellible and the imagery has stayed with me for many years. I would definitely recommend this book for anyone who has the time to read it.
