REVIEW OF 5TH GRADE PACING GUIDE TN

- I just finished Black Notice. It was another terrific book! I have read all of PC's books and the hardest part is waiting for the next one! She has never written a bad book, and if you missed one, you missed too many! I would like the chance to say thank you for the many great hours I have spent with Kay Scarpetta. I was so happy to see a man come into her life again!

- What is the point of this book? Penn Staters could easily write, "I Hate Penn:304 Reasons Why You Should, Too."Penn Staters certainly hate being confused with snooty-lousy-at-sports Penn just as much (if not more) as Penn grads.The author pokes fun at PSU throughout the book but I'd take a wide open, large beautiful campus (even if it is in "the middle of nowhere") any day over Penn which is smacked into a few blocks of Philadelphia in the midst of traffic, noise, pollution, litter, etc.My sister is a Penn grad and I did my master's at PSU. We couldn't care less. The author is a man that clearly is high on his Ivy education and has to make a point about it to everyone by declaring NOT PENN STATE! By the way, Penn doesn't even offer half of the programs Penn State does, including a degree in my profession.Plus, Penn stinks at sports. What do you think Penn students are doing during Bowl Game Season? Writing books like this since they can't cheer on their team!
