## REVIEW OF ENCHANTED OBJECTS DESIGN HUMAN DESIRE AND THE INTERNET OF THINGS DAVID ROSE

- Being the last book in the 'Flowers in the Attic' series, Garden of Shadows ties a lot of loose ends. This is the Grandmother's story (Olivia Winfield Foxworth), and it tells the story of her marriage to Malcolm Foxworth, and ends when Flowers in the Attic more or less begun - when Chris, Cathy and the twins arrive in Foxworth Hall and are left in the attic. We get to learn how the grandmother became what she was - tough, cold and extremely religious. While this understanding doesn't necessarily give us understanding or justification's to Olivia's future behavior, it is hard not to feel

for what she has to go through, especially in the beginning.

- Even if you don't especially love cats, you will love this book. If you do love cats, you'll be crazy for it. Silvester's photographs are so beautifully composed, it's amazing -- angles, colors, lighting -- all are wonderful. In focusing on sleeping or yawning kitties, he captures the relaxed atmosphere of the

Greek islands to perfection. The cats you will see here look like and behave like cats -- they aren't posed in that cute way you typically find in cat books and calendars. On the other hand, the photographs are not "arty" in a cold, inaccessible way either (thank goodness). I can't imagine that anyone would regret purchasing this book. It would also make a nice gift for a cat lover.
