## **REVIEW OF ACTIVITY SHEET 3 STOCK MARKET CALCULATIONS**

- One of the many pleasures this book offers is the author's voice: as bemused with himself and his own foibles as he is with the unusual world he shares with us, he relates his adventures without a shred of self-serving narcissism, jumping into Mongolian life with omniverous curiosity and steady generosity. The chapter on Hilary Clinton's visit to Outer Mongolia as First Lady is particularly priceless (in which Clinton's Secret Service handlers assume that Mykel, who is just hanging around the gate, must be in charge of access to the

embassy).

- Sandor Nagyszalanczy is a professional furniture designer, photographer and tool consultant: his multi-faceted expertise lends well to the completely revised, updated new edition of SETTING UP SHOP: THE PRACTICAL GUIDE TO DESIGNING AND BUILDING YOUR DREAM SHOP. From assessing the pros and cons of battery-powered new equipment on the market and upgrading an electrical

system to accommodate plugged-in devices to gaining more space and setting up workplaces that function well, SETTING UP SHOP will appeal to all levels of woodworker and homeowner handyman and is a top reference promising repeated consultation for home users, and repeated lending attraction to general-interest libraries.
