REVIEW OF PICNIC AT HANGING ROCK

- I picked up this book on the recommendation a client. Mr. Peabody tells good stories and lays out some straightforward facts. In many ways, it's a nifty little autobiography with some useful nuggets of information. The advice he gives is mainly for Type-A personality entrepreneurs; Risk-taking, project-starting individuals whose main focus is getting product out the door so their effort can be called a success. For anyone who does not fit that mold, this book is not necessarily speaking to you. However, even if its not directed at you, you'll still gain some insight into why people like Peabody behave and think the way they do. What I liked most:-- Always sell. As the person at the top of the organization, always sell.-- Recognize which role is naturally in you: Entrepreneur, or Manager, and then excel in that role.-- Know what you don't know. Don't try to buffalo your way through things. To me this is part of being intellectually honest. What

could have been better:-- I do agree that striving for "good" will be what gets a company off the ground, but that's the end of the road for the entrepreneur on that project anyway. After the entrepreneur moves on to other challenges, the company he leaves behind needs to press forward and strive to be great. That part needed more value ascribed to it.-- Peabody talks a lot about selling at the entrepreneurial level, but never touches on the mechanics of developing a strategy for it. It may be instinctive to him, but it would have been nice to have him explain a more functional approach. I liked the book. Quick read. Some good nuggets. Just not enough of them in the right places. I suppose Peabody followed his own advice: He wrote a good book, not a great one.

- Kept for the Master's use is more than just a wonderful piece of classic literature. It is a personal testament to what it means to live a life fully submitted and devoted to Jesus Christ. Even if that life is filled with chronic pain in which the author Francis Havergal was. She loved her Master and found real life (in spite of suffering) in a life lived in consecration. It only light of full consecration did she find the ability to write such an extraordinary book.
