REVIEW OF

STATISTICAL SLEUTH 3RD EDITION

- I have not finished reading this book yet, but it has been such a journey for what I have read! I came to such realizations in myself. It is very thought provoking, I never realized how fearful I really am. I never saw myself as fearful, putting a label on the feelings I have is so freeing! I am looking forward to what lies ahead in this great book!

- I teach 8th grade American History and read this book with my students every year in the fall during our study of Colonial America. Even though a big part of the book is a love story, even the boys in my class love the book! It has a

little bit of everything
and is a great lead-in
to the stories of the

Salem Witch Trials.
This is definitely a fave
a mine in the historical
fiction genre.
