REVIEW OF CMA EXAM QUESTIONS AND ANSWERS

- I admit to a bias, since one of the authors was my dad, now deceased. He worked on this for many years, and it is indispensable for word game and puzzle lovers of all types. Even

using it to solve disputes in Scrabble is of great help. The organization is very "user-friendly" with name places, geographical sites, etc. highlighted. It is probably the most comprehensive (more entries) book of its type. It truly makes a wonderful gift for word game and word puzzle lovers. They will keep it right by their favorite game table or reading chair.

- Reading this story after 9/11 makes you believe that this kind of standoff could happen. But also make you think how short the imagination of a person could be compared with reality. In the other hand as you can see in the reviews before 9/11/2001 people didn't believe this story as real. The book is a little heavy in some parts but you won't be able to put it down till you finish it. In the book we can see JC's good imagination but very bad omen.
