REVIEW OF LEADERSHIP PRINCIPLES FROM PETER DRUCKER HELENA G MARTINS

- (Attention, if not warning: this comment contains two or so profanities. When confronted with them, just block your eyes then, eh??! OK, great!!:)I've tried 'em all, Webster's, Oxford's, Cambridge's, but none of those dictionaries ever really made sense to me. I mean, I could not possibly care less how many people live in a town named Aalst (nothing personal, Aalst, but that's

where I always gave up)??! It wasn't until I found a small, black, paperback with some graved letters on the cover, that I was able to enjoy anything else more than the phonebook!!!! I didn't, for example, know that I ski with Zeal Monachorum before I read THE MEANING OF LIFF. Nor did I know that Aird of Sleat was placed upon Heathrow Airport!! Thanks for warning me, Doug and John!! Also, this little black book can help all of us, when, for example, confronted with a glossop, or what we did, when someone says we've just committed a wigan. Now I can play golf AND enjoy it as well!!! Instead of the frustrating how-many-bogies-have-I-got count, I just count Whaplode droves. Then this once-useless game finally has an amusing purpose.No, really. This book, alongside being pantwettingly funny, is, in my opinion, an honest and respectable attempt to save the English language from a violent and tragic destruction. For English, as it exists today, is becoming a language of three words: This book, and indeed the Deeper Meaning Of Liff as well, is a guide to help us all to save this beautiful language (as all languages are).At least my Liff has a Deeper Meaning now.

- In a hurry stressed out... just read a couple quick definitions it will lighten your mood it does mine
