So what are you waiting on? Begin your The World Of The Witcher downloading journey today and experience all the advantages and convenience that the digital globe of publications needs to provide!

REVIEW OF THE WORLD OF THE WITCHER

- The plot brought down the book, but overall the book was good. Many people think the blood was not necessary, but without it the book would not have been the same. The book was exciting and suspenseful. The plot made the book worse than it could have been, because it was dull until the end of the book. Overall this book was pretty good, but could have been better.

- "Post Captain", unlike most sequels, far exceeds it's predecessor. For one thing, the character of the doctor takes shape; some of his mysterious history is revealed, and he plays a crucial part in the action. We come to respect his evident brilliance as his work behind the scenes, in love and in war, moves much of the story. In addition, there is a lot more humor and I actually laughed out loud at some of the jokes. I understood them, a big improvement in either my reading abilities or the narrative. Jack is revealed to be a very poor punster, and some of his puns are so stupid as to be quite funny. The friendship between the two men is much more central in this book than in the first. Like Sherlock Holmes and Watson one is smart and the other not, but the authority figure is reversed. It makes for a very interesting relationship, though not entirely unique in literature. (Stretching the point, I think that I have seen a similar relationship on Star Trek with Spock and Captain Kirk!) I liked this book well enough to recommend it to anyone. I would give it a 3.75 on a 5-star scale.
