REVIEW OF BISHOPS PAWN

- Salve for the broken heart, THE ART OF LOVING is a must-read for anyone who has been hurt by love -- especially those who feel they were tossed aside for the more primitive pleasures of merger (manifested by acceptability to community of friends or family of origin, and/or the corrupt values there embodied). The great achievement of this book is Fromm's clear-eyed insistence that to merge is not to live, that to merge is to flee, and yet that people escape anxiety and isolation through unhealthy merger -- drug and alcohol use, participation in destructive groups and ideologies, and, yes, sexual relationships. What is problematic is that it would seem that the experience of romantic and sexual love necessitates levels of merger and overlap in order to provide pleasure and a sense of mutuality. Fromm is less good at offering a realistic vision of healthy love. But even if his superego seems a bit harsh to our contemporary psyches, his vision is essential: love must not be based on sadomasochistic fantasy but on two separate realities that come together for mutual enhancement.

- Please don't waste your money or time on this book. Sure, it might make some people feel good, but it does it at the expense of their brains. In the intro he mentions 325 ad. He is referring to the Council of Nicea - which omitted certain gnostic writings from the Bible - oh, like the one in which Jesus had to remove Mary's imperfection - so he changed her into a man. The author evidently has a problem with the Council's actions. I would say more, but it all would be about the same. If you just have to spend your money on something, choose a good charity.
