REVIEW OF U S CONSTITUTION SCAVENGER HUNT ANSWERS

- I bought this book hoping that it would help me vastly in getting my A+ certification. I read the book cover to cover and did all the practice exams many times. I

took the core hardware part of the test and passed. I read the book's O/S part over and over again until i couldnt take it anymore and went up for the test. None of the questions in the book matched up to the real A+ test. So i just figured i didnt study it enough and pick up enough so i read it all through again and again until i could practically recite the book from memory and i failed again. This book goes into details about topics that it does not need to and it just a waste of you time when it comes to the O/S part. It helped somewhat on the hardware part of the test. Do not just use this book as your primary means of studying for the A+ exam.

• I never did like Florida. Reading a book about this place would never have entered my mind, but while visiting a Floridian cousin, she gave me a copy as a going away present. When I eventually got around to it, I found it very enjoyable. It was quite interesting learning about the history of this area, and her writing style drew me in. Perhaps the author's less-than-glowing assessment of Florida is what hooked me, but just the same I read it cover to cover. It left me with more of an impression of what the real Florida is, not just Mouse Land and the Transplant Coasts. Though I'd never, ever want to live there, I enjoyed this book.
