## **REVIEW OF A**

## **GUIDEBOOK OF UNITED STATES COINS 2014 THE OFFICIAL RED BOOK**

- DON'T BUY THIS BOOK FOR THE PRACTICE TESTS AND CD. You will be sorely disappointed. The CD-ROM fails on almost all it's promises. In my case, the practice tests didn't even work and the solutions to the hands-on projects were

fragmented and disjointed. Content wise, the book is a quick, simple introduction to the models but certainly won't give you enough of a basis for the test alone. You WILL need other preparation guides. You're better off buying the Microsoft Training Kit book.

- My wife is going to be very busy cooking for me and the kids.
