Remember, reviewing reviews can assist you make notified decisions regarding what to review next and can reveal you to brand-new writers and styles you could not have actually taken into consideration in the past.

## REVIEW OF BIT KEY MORTISE LOCK THE HOME DEPOT

- Magnificent wordsmithing by a top young writer. Simmons' lush descriptions and vivid characterizations are up to the challenge of his strong topic. Perhaps the only mild letdown is the principal character's sporadic density---he brings his wife to her native India to assist in translation, but never actually bringing her to any functions where translation might be required. I find it hard to believe that Simmons meant only to use the presence of the wife and child to advance his theme on evil in the world towards the tail end of the tome while ignoring their existence for most of the novel, but that's what he did.A great read, really. I read this on an airplane and had to ask myself a few questions about air rage---especially since I'd been bumped off a full flight and was getting home six hours late on my wife's birthday. There was a point where during that evening when I could relate to Simmons' naive protagonist (psssst...read the book to see what that meant).

- I am currently taking an Accounting class with this book and I think it is great. It is easy to understand. It is very straight and to the point. It gives you plenty of real world examples from real companies and their financial reports (which makes it a lot more interesting than other Accounting books...) Also Amazon.com is great and I have always had great experiences with Amazon.com.
