REVIEW OF MANUALE COMPLETO DI FOTOGRAFIA NATIONAL GEOGRAPHIC

- This is one of those books that was hard for me to put down. I think I read it over a period of 1 1/2 days. However, I felt that Lauree skipped over a lot of things. I hope that she writes more about her life. I can't help but wonder what life has in store for her!?!
- I read this book cover -to -cover, eager to find out all I could about my ancestor Samuel Adams. This unedited version was tedious to read due to it's many spelling errors and interruptive footnotes in the middle of paragraphs. I would be interested to read an edited version if one is ever published. Needs to be reformatted for Kindle readers. The content was factual and interesting.
