### **REVIEW OF MODERN OPERATING SYSTEMS 3RD EDITION SOLUTION**

- Macaulay's father was a philanthropist. He read from age three. He took pleasure in conversation. His first literary success was an essay on Milton, 1825. He was appointed a member of the Supreme Council of India. Joseph Addison resided at Magdalen College, Oxford for ten years. He was elected a fellow. His serious attention was concentrated on Latin Poetry. His classical knowledge was confined within narrow limits. Addison imitated Virgil with skill. He was probably introduced by Dryden to Congreve. In 1700 Addison was in France and subsequently in Genoa. Addison was not mean, he was not cowardly. He wrote with a delicate and humane sense of humor. He was in Parliament for nine years. His influence was the result of his literary talents. Addison did not speak in the chamber. Steele had known Addison from childhood. The best writing in THE TATLER was the handiwork of Addison. In 1711 THE SPECTATOR was conceived by Addison. Steele sketched the two friends. About three-sevenths of the work was done by Addison. At the close of 1712 THE SPECTATOR ceased to appear. Swift showed respect and tenderness for Addison. Milton is best known by his poetry. He admired Euripides. The only poem of modern times PARADISE LOST can be compared to is THE DIVINE COMEDY. THE DIVINE COMEDY is a personal narrative. Milton wrote in an age of philosophers and theologians. Milton's fiends are wonderful creations. Dante had intensity of feeling, Milton loftiness of spirit. The strength of Milton's mind overcame every calamity. Macaulay has an admirably compressed style. His focus is on character and personality in regard to his subjects.

- Great book, though hard to imagine being raised by a mother who can speak only 23 words; an adolescent's dream come true! Heidi's neighbor, Bernadette, has lovingly taken care of Heidi "It" and her mom, "So B. It," from the day they appeared at her doorstep, soaking wet. After years of mystery surrounding her origins, Heidi is on a quest to discover, among other things, what the meaning of the word "soof" is, one of the 23 words her mother says from time to time. Heidi slowly uncovers the answers in a daring adventure that takes her on a cross-country trip and helps her discover the meaning of her own and her mother's life. The book delivers a strong message about how feelings are attributed to those whom we consider disabled. Some premises are a little hard to swallow, like Heidi's uncanny good luck and how she manages at 13-years old to travel without more than a wallet being stolen. What better time of life to embrace the fantastic? The reading level is easy, though some of the subtlety will surely escape readers who think more concretely.
