REVIEW OF 6 MITSUBISHI GALANT OWNERS MANUAL

- This is free but also impossible to read the way it is formatted. The first few pages (that was as far as i got) were all centered text and I assume the rest of the book is like that too. It is very distracting and for me it is unreadable. Off to find a different version...

- Hello all.First off, this work is an important work of Dewey, someone I deeply respect; HOWEVER...Whatever you do, do not buy this hardcover edition of Democracy and Education. It is a cheap ebook / online edition of the book in a cheap hardcover binding. The text literally looks like it was printed off of a website. The font is horrible, the text is small, and there is no space between the lines. It is honestly disgusting to look at especially for the price of nearly 30 dollars. Buy another edition or a paperback copy if you really want to feel like you have a REAL book.
