So, what are you waiting on? Begin your analysis journey today with digital Autocad 2018 Tips And Tricks Autodesk 3d Design book downloads. With numerous titles and genres to choose from, the possibilities are unlimited. Pleased analysis!

## REVIEW OF AUTOCAD 2018 TIPS AND TRICKS AUTODESK 3D DESIGN

- This is a great book for those getting married again. It brings up the questions

that should be dealt with in second marriages to ensure that they last. Well written with good illustrations.

- Don't get me wrong, there is a LOT of good information in this book. However, I noticed that Shaunti Feldhahn seems to actually condone some of the actions/shortcomings of the men in her studies, which to me did not seem like the biblical view at all. For example: She quotes a man as saying "...it's like she doesn't respect me enough to believe that I can figure it out if I put my mind to it, even if it takes me a while." Does this sound a little like PRIDE to anyone but me? Is pride not a sin? She talks a lot about a man needing to be/feel "in control". What does God say about who's in control? She says men can't help but have sexual thoughts about an attractive female business colleague. Is Lust not a sin? Yet the author doesn't even touch on this. I just couldn't get past the way the author glanced over the fact that things such as pride and lust are sinful, and need to be dealt with by the man. I found myself resenting (not good, I know!) the fact that she seemed to tell us women to just accept the tired old "boys will be boys" thing, without the man taking on any responsibility for his behavior/actions. In the area of biblical roles of husband and wife (man as the provider, spiritual leader, etc. and the woman as the helper), I found the book severely lacking. In fact, I would say that this book leans more in favor of "the world", catering more to feelings and helping the man feel "in control", than to helping our men lead more Godly lives. I would have preferred a more biblical view, but appreciate what I did learn.
